 - a. This works in Safari, Chrome, Edge, and maybe more. Doesn't work in Brave Browser
2. Log in Details:
 - a. There are two ways to log in
 - i. The username is the last 5 digits of your PIN (on your msu ID) with no password
 - ii. Username is 7654321 and the password is 1987
3. Then go to "Direct Print"
 - a. This supports pdf, PS/EPS, and image files

Troubleshooting:

- When you print and immediately hear from the printer 3 or 4 loud beeps, you need to log in on the printer and change the paper location
 - It draws paper from locations that don't have paper
 - Click the box at the bottom left corner and click letter
 - Alternatively, move the paper to the smaller tray on the right side

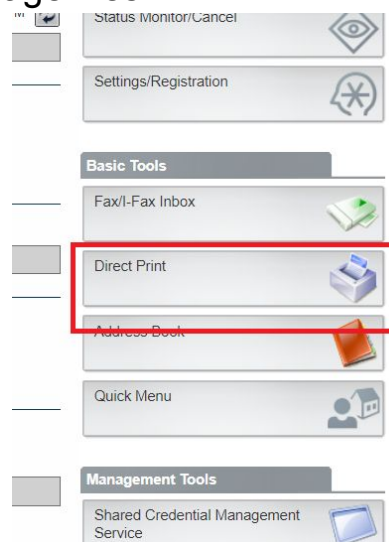

Tips:

- Under "Quality Settings," you can:
 - Increase resolution
- Under "Print Settings," you can:
 - Increase number of copies
 - Print double-sided
- If printing from handwritten iPad work, click "Enlarge Print Area" or "Enlarge/Reduce to Fit Paper Size"
